

GLAMOUR S PHOTO BOARD 270 SATIN

satin 3145, 270 g/m²

Premium photo board for exhibitors and packaging applications

Thanks to its optimum stiffness, the product is ideal for the production of self-supporting counter cards, packaging or similar uses requiring photo board. In combination with solvent, latex and UV inks, this photo board delivers prints with high brilliance and colour depth. Its robust, splash and scratch resistant surface enables permanent use for indoor applications, even without lamination.

Advantages

- High colour brilliance
- Premium quality, stiff board
- Homogeneous gloss in printed and unprinted areas
- Splashproof and durable surface finish

General tips

To maintain the high quality of the paper, it should be stored and converted in a climate of 30 – 65 % relative humidity and at temperatures of 10 – 30 °C (50 – 86 °F).

Physical data
